

# Building Industry Association Los Angeles/Ventura Chapter

## How the Program Works

The Partnership Program was designed to provide our members with year-round exposure within their individual partnership category level. This includes event sponsorships at every program throughout the year, representation in our publications, website, including a hyperlink to your company's website, bi-monthly e-newsletter and much more!

The Chapter holds **three-quarters (3/4)** of each partnership level amount in a prepaid account, which is available for use during the year for events and meetings and sponsorships that you choose to attend. As such, members essentially prepay their annual cost of attending our events, whether it's the golf tournament, general membership meetings, PASS events or educational seminars. *However, if you don't use it, you lose it.* There is no carry over of unused partnership levels. Please note: Meetings held joint with or hosted by other Chapters are currently excluded from this Program.
